PROSPECTUS GLASGOW FREE PRESS.

Glasgow, Ky., December 23, 1857.

Dear Sir:—Having disposed of our Printing Office in Elizabethtown, Ky., and removed to Glasgow with the view of permanently locating we purpose commencing the publication of a newspaper sometime during the month of February, to be entitled "THE Glasgow FREE PRESS." It will be devoted to General Literature, Politics, Agriculture, the Arts and Sciences, News, and especially to the promotion and advancement of the local and general interests of the town and county, and those adjacent. No pains or exertion on our part will be intermitted to secure due consideration for all local enterprises, that may be calculated to advance the general weal of the community.

An earnest effort will be made to render it a valuable family newspaper, acceptable to all parties, combining a variety of interesting and instructive subjects in its columns. Having had considerable experience in the business, and being practically familiar with its mechanical duties, we indufge the hope that we shall be enabled to subserve to some extent, the interests to which the "Free Press" will be dedicated.

American Politics at the present time, may be said very justly, to be in a chrysalis state. We do not de sign, in this Prospectas, to enter the domain of speculation. It is not necessary to the present purpose, or define our political position. This may be defined very briefly. We are conscientiously opposed to the practices and the precepts of Modern Democracy. We regard the Democratic party, as now constituted, essentially an alien party; and consider its aims and purposes, as avowed by its organs, practiced by its leaders, and developed in the present administration, pregnant with evil to the Union, in violation of the plant injunctions of the early fathers, and disastrous to American Nationality. We recognize in the "Address of the American Party," promulgated at the Louisville Convention, a political creed, emmently national, eminently conservative, and peculiarly adapted to present exigencies. We believe tha

ticles, even though they may conflict with our individual opinions.

We invoke, in aid our enterprise, the support and patronage of the citizens of Barren and surrounding counties, and especially those whose opinions may harmonize with the general views herein expressed.

We send you this circular, hoping that you may feel inclined to give us the benefit of your influence, in procuring a list of subscribers in your locality, by the 1st day of February, 1858.

TERMS. TERMS.

The "Free Press" will be published weekly, on new nd beautiful type, at the following rates;— Single copy, one year, (invariably in ad-To clubs of 10, and upwards, - 82 00 MIPAny one procuring a club of Ten subscribers, will receive an extra copy.

PROSPECTUS

## OF THE "CENTRAL KENTUCKIAN."

PUBLISHED IN LEBANON, KY.

Lebanon, since the completion of the Railroad, counceting it with Louisville, is a point of interest to a large section of country. There are hundreds of persons abroad who are in want of information upon various topics connected with it, such as the prices current, facilities for doing and having business done here, &c., and the citizens of Lebanon themselves, wish to inform the public at large, that it is one of the most enterprising and flourishing towns in the interior of the State, and that it offers great inducements as a place of residence to men of almost every honorable trade and profession. To supply these wants, of people abroad and citizens at home, we have determined to publish "The Central Kentuckian"—a paper devoted to the Commercial, Agricultural, literary, and Moral welfare of the community in which it is circulated.

It is hoped that we shall be able, by attention to the interest of all concerned, to supply a desideratum long felt.

Citizens of Lebanon, and of Marion and surrounding Lebanon, since the completion of the Railroad, co

interest of all concerned, to supply a desideratum long felt.

Citizens of Lebanon, and of Marion and surrounding counties, to you, of whatever political party or religious sect, we look for support—and the more liberal that is, the larger and more entertaining will be our paper—for we are determined, if you will place in our hands the means, to make the Central Kentuckian worthy of your patronage.

To obtain this, however, we shall not sacrifice independence by pledging ourselves to any party or sect, yet we shall promise you Neutrality in Nothing. If we are not capable of choosing our subject matter, and of commenting upon all or any topic of public interest, in a manner which shall be at once courieous and inoffensive, we ought notto come before you as Editors. To be faithful journalists of passing events—candid critics of public acts—and successful advocates of Truth, is the hight of our ambition.

Terms:—\$1 50 in advance; \$2 00 in six months. No deduction made on clubs. Return the list of names as soon as possible, as we shall issue the first number on Wednesday, the 27th.

#### What is Evidence!

This is a question to be decided by lawyers, and many debates have taken place before juries as to what should constitute evidence -The lives of many men have depended on the rulings of the Judge upon this question, and there are few legal men but who will admit that it is one of the most important matters ever brought before a court. Everything depends upon it, inasmuch as no case can be decided without evidence, on one side or the other. We have been led to these remarks by the statement that at the last term of the Franklin Circuit Court, witnesses were before the grand jury who gave information of several breeches of the law and acts of violence at the polls, at the last Angust election. It may not be inappropriate to tell the truth concerning those witnesses, as it has been told to us by the most reliable persons, and as we have reasons to believe it exists. At the last session of the Circuit Court an anonymous letter was written to the Grand Jury of Franklin county, giving information against several of the most respectable and influential citizens of Frankfort for rioting

The Democratic portion of the Jury, headed by a person who was most prominent in the pro scription of an exemplary minister of the gospel of Jesus on account of his politics, determined upon bringing in a true bill against those gentlemen upon the strength of this evidence; but, as good fortune would have it, a majority of the Grand Jury were Americans, who, as was their duty, demurred from the decision of the Democrats until they received instructions from the Judge, Nuttall. When both parties represented the facts of the case to Judge Nuttall, that gentleman promptly and rightly decided that the law did not permit the Grand Jury to indict any one upon the information contained in an anonymous letter, and sustained the Americans in their determination not to bring in an indictment upon such evidence He instructed the jury that they must obtain bet ter and more reliable testimony than a letter without a responsible indorser, before they should attempt to stigmatise the names and characters of respectable men and good citizens.

It is reported that when these instructions were returned to the Jury, the Democrats worked themselves into a perfect rage, and denounced Judge Nuttall in the most unmeasured terms. They even charged upon him that most heinous of all offenses, that he was not a good Democrat-be cause, forsooth, he would not permit Americans to be indicted when there was no one to appear against them. Some of them even swore that they would never vote for him again, and gave him to understand that he need not expect the next political nomination for Judge unless he became more of a partizan in his decisions. Perhaps this is the reason why a Catholic priest exerted himself against the Judge for the nomination for the Appelate Clerkship-alleging that he was not sufficiently Democratic in his couduct

Now, who but Democrats would ever dream of calling this evidence? and we do not think it can be satisfactorily shown that any other was brought before the grand jury. Surely it was not half so reliable as the oath of a conscientious negro, which is not admitted by law. Yet the Democrats would have indicted some of the most respectable men in the State for a Penitentiary offense upon this testimony. We do not think our sapient Senator had any better, yet he "spread himself" upon the subject. Such conduct well becomes the proscriptive party which treated Mc-Corkle in the manner he was served this winter It is eminently worthy of the party which would prevent the extension and growth of Louisville because of the politics of her citizens. It is worthy of the party which would remove the seat of government from Frankfort, because the majority here are Americans. And it is most pre eminently characteristic of the party which would be guilty of a disreputable, mean, and pusillani mous trick, in order to turn an American Constable's precinct into a Democratic neighborhood.

THE FARMERS IN THE House .- It is generally believed among farmers that men belonging to their own class of citizens, and acquainted with their wants and necessities, are most apt to look after the interests of agriculturalists. It is a significant fact, however, that out of the forty-two farmers in the House of Representatives, only twelve voted for printing the Report of the State Agricultural Society, the others voting against it. This may be accounted for by the fact that the forty who opposed it were all Democrats. There is a vast difference between sending an American and a Democratic farmer to the Legis

Mr. HEARTWELL'S BENEFIT -We take great pleasure in announcing Mr. Heartwell's benefit for to night. He has performed nearly all the principal parts at the Theater this winter, and, being ably supported by Mr. Stetson, has administered much to the pleasure of our Theater goers. In fact, there would have been no getting on without him. Having labored faithfully for the applause and favor of the audiences who have nightly witnessed his performances, he now hopes and expects that they will testify their apprecia tion of him as an actor. His delineations of character are usually fine, and to night he plays in a part best suited to his powers. We trust that he may have a large and appreciative audience.

The three mile race at Charleston, on the 6th was won by Shookoe, beating Agitator and Lizzie McDonald in two straight heats. The latter fell lame, and was withdrawn after the first heat. Time 5: 471/2; 5: 53.

We learn from the Cincinnati Gazette that Hon. Thos. F. Marshall is now lecturing in Covington, Ky.

IN SENATE. JANUARY, 1858.

Mr. GILLIS said: Mr. SPEAKER: It is argued against this bill, of course force the Keeper to work the con-victs, both as regards the length of time and the which, both as regarded, in a manner which would be repugnant to every feeling of charity, and the claims of a just humanity.

I have been giving my assent to the passage of this bill with the Senate's amendment, and I wild to a Senate on this floor, in sentiments.

yield to no Senator on this floor, in sentiments and feelings of humanity. But, sir, let us look in eality there is any just cause for the exercise hose very laudable sentiments; in fact, sir, aving looked somewhat closely into the facts, I have been led to doubt whether those opposing the passage of the bill, have not lost sight of the convicts in the State Prison, and are desiring to exercise their charities and humanity, in behalf of the pecuniary interests of a political partizan. What, Mr. Speaker, are the facts? There are n the prison 236 convicts, which at 161/4 cents per day for each working day in the year, amounts to the precise sum in the aggregate of \$12,000 per annum—the sum stipulated in the ill,-now sir, is there a Senator on this floor, who loes not know, that just such a class of hands as hose in the prison, under the regulation incident to that institution is worth at least three times that amount per day; this would be about 50 ents per day, whereby the Keeper could pay he \$12,000 and put into his own pocket \$24,000 per annum, or in the term of four years, for which erm he is elected, would make an aggregate net rofit of \$96,000, a handsome fortune, and could lso furnish the convicts the coffee, the Senator

rom Henry is desirous to provide for them. Let us look further, sir, into the advantages hat attach to the Keeper's interest: The State urnishes him all the machinery, shops, buildings or lodging the convicts, offices for the guards, verseers and clerk, all which do not cost the Keeper one cent. And, sir, with all those adantages, and the mode of subsisting the convicts on plain, substantial, but not costly diet, it cannot e but that the Keeper can realize at least 50 cents per day as the average earnings of those convicts, especially as a large number of them are good mechanics, whose labours are exceed-

The Senator from Woodford (Mr. Porter,) charges on the American party, that in the last Legislature we took precisely reverse ground to hat now occupied by us, and asks me why the lease at \$6,000 per annum, when Democrats as he was informed, were offering \$10,000, or, at least, when a greater sum than that offered by Mr. Ward was offered, or could have been ob tained. The Senator will permit me to state that we were then very differently situated from what ur present position is. In the first place I will state that no such proposition was made to me. this floor had any power to act upon it; we had o power to pass any law in relation to it except such a one as the then Keeper would accept; he had been elected Keeper for four years, and one year only of the time had then expired, he had his contract with the State, and the Legislature had no power to change that contract in any par-ticular, save by the consent of the Keeper. That Legislature did, however, secure, through the lease to Mr. Ward, which he accepted, the payment unconditionally of \$18,000 net profits into the Sinking Fund for the remaining three years of Mr. Ward's term instead of \$15,000 which is the extent he was bound to guarantee under the contract by which he then held. These are the historical facts of the case-facts well

known to the country.

But, sir, a very different state of facts surround us now. The Legislature is one of the contractng parties-the Keeper to be elected the other Legislature stipulated, that, as the agent of the State, she must have \$12,000 annum, for the use of the prison, and the present Keeper comes forward and proffers to close conract with the Legislature at that sum. Recollect that within the last two years the State has expended more than \$30,000, upon improvements on the prison grounds and buildings, and if a Democrat could, two years ago, have afforded to give \$10,000 per annum for the prison upon lease, he could surely now afford to give \$12,000 with the additional improvements; the interest on the cost of which, added to the \$10,000, which is said to have been offered, would exceed the sum

Here, then, Mr. Speaker, is a plain state of facts, showing our position now, and contrasted party, and we are endeavoring to exercise that power for the benefit of the Commonwealth and he country, at the same time that we guard the the labor and industry of the Keeper.

But we are tauntingly asked "what change has ome o'er the spirit of our dreams." We might, with propriety, retort the taunting interrogatory know not that any change has been effected in the minds of Senators now upon this floor, with whom I had the honor to serve two years ago; but, sir, I appeal to those then here, and ask how different are the arguments now used by our political opponents, from those uttered on this floor on this same subject two years ago by the same party arguments precisely opposite, as much so as the exhere, has forgotten the powerful oratorical apmeals of the then able and distinguished Senat from Grant, who as one of the "few shining lights of the Senate," (as he on one important occasion was pleased to term himself and the members of his party,) devoted more time and attention to the advocacy of the very position now here denounced by his party friends, than all that has been said and done in this Senate by the friends of this bill with the Senate's amendment.

His arguments then were, that the prison was worth far more than had ever been paid the State or its use, -that some of the former Keepers had made fortunes by having the management of the prison—going in beggars, and coming out with splendid fortunes. And, sir, if my recollection is not greatly at fault, the Democratic print of this city was, about that time, occupying a like position on this subject. These arguments led to an investigation, and the result was that two years ago we induced the Kceper to accept the terms of the present lease by which we secured \$3,000 more for the balance of his term than he would otherwise have been bound to guaranty as

et profit to the State. The Senator from Woodford (Mr. PORTER,) asked Mr. Gillis if it did not appear from Mr. Ward's report, at that time, before the Leg-islature, that the two-thirds of the profits to which the State was entitled, would have amounted to

nore than six thousand dollars.] Mr. GILLIS. I will answer the Senator's question by saying that it is probable the Keeper's eport showed such a state of facts-but that he Mr. Gillis, ] well knew that it had almost uniersally been the case that all the profits were narrowed down, and amounted to nothing above the amount guarantied, as the State had always to come in and pay out all such profits in the con truction or repair of machinery. I will further say, that in that case I acted upon the report of clerk of the prison; authority for the using of which I did not expect to be called in question by the Senator from Woodford, especially as he based his entire first speech on this question be fore the Senate to day, on this very report, this very document, which placed the whole profits at \$6,000. The American party—if I am reduced y the course this question has taken to speak of the action of those favoring the Senate's amend ment, as of a party character—has acted consisent throughout, and it now remains for our po litical adversaries, who ride upon the chariot of party triumph in the other end of this capitol, to efeat the just and wholesome amendment of the Senate. Let them do it, and go before an injured the Eye which require either medical or surgical onstituency and an incensed public, and answer to them for having wilfully withheld from the public coffers \$16,000 of their money, and put it visits. [See Lexington papers.]

IT It is reported that Hon. Geo. R. McKee, Know-Nothing candidate for Clerk of the Court of Appeals, has secured the services of Hon. Jno. The bill concerning the Penitentiary being un. B. Huston, of Clarke, who will traverse the State der consideration, the Senate having stricken out \$8,000 per annum, and inserted \$12,000, and the question being on its passage,

with him for the purpose of repeating his famous Tom Cut Story, which was received with such applause in the Plug Ugly State Convention.

[Lou. Courier, 13th. It is currently rumored about Frankfort that, in and some Senators seem to be almost vehement on this point, that the inserting of \$12,000 must Judge McKee will pursue, Mr. Revill intends to secure the services of a person from Nelson county, who will travel with him throughout the State, and from every stump proclaim the old line Whigs to be "a set of d-d old w-s." Mr. Huston's story was full of humor and fun; but the delegate from Nelson abounded in abuse and denunciation. It will be difficult to decide to the facts in this case, and let us see whether in which will gain the most votes by those two
